# Mother of Peace Communities Illovo

*Building families, building a nation*

“ Mother of Peace Communities sees it as their mission to aid children in distress, serving particularly those who are victims of the HIV/ AIDS scourge, caring for abandoned children by providing the structure of a home and family, maintaining language and cultural traditions as far as possible and bringing up the children to be responsible, functional members of society”.

Mother of Peace  
Illovo

## Background Mother of Peace

Mother of Peace is a voluntary, non-profit organization in which Christian families live among and provide care for abandoned babies and children. It was first established in Johannesburg in 1989, followed by the opening in Zimbabwe in 1995 which now cares for about 160 orphans. Mother of Peace Illovo was established in the year 2002, based on the needs of children affected by the HIV/AIDS crisis in Kwazulu Natal.

Mother of Peace Illovo currently houses 47 children. We aim to provide safe, loving, family-oriented and structured home environments in which children can grow up as children. The children live at Mother of Peace in small family groups. Each family will have a house mother whose vocation it will be to support and nurture these children as their mother.

We also run a day care center for children in the project. In future, this center will not only cater for the children from the family home units of Mother of Peace but also for orphans and vulnerable children from the neighboring communities.

## Vision

Mother of Peace Communities sees it at their mission to restore traditional family life, in particular the Catholic family way of life based on Christian gospel values and the teachings of the Catholic Church.

## Mission

Having regard for the needs, interests and well being of the general public, all Mother of Peace communities strive to meet the particular needs of the area in which the community lives and operates by aiding persons in distress. To care for abandoned children by providing the structure of a home and family, to maintain language and cultural differences as far as possible, to bring children up to be responsible members of society and to provide palliative care to the destitute who are terminally ill.

## Sponsor a child

At mother of peace we are fortunate enough to have the infrastructure to take in those children who have nowhere else to go, to take care of them when nobody else can.

Child sponsorship is a great way to help the Mother of Peace Community meet the needs of each child in their care. Your donation will ensure part of the living costs (food, clothing, schooling, medical care, electricity & water and house mother's salary) are covered.

You can make a monthly, quarterly, annual or single once off payment.

This is your opportunity to make a difference in the life of a child in need!
